2020**

7:30-9:30AM

**Thursday, October 15,  
2020**

1:30-3:30PM

Maine Water Utilities Association  
15 University Dr  
Augusta ME 04330

# Chemical Feed Pumps

CFP 101 for beginners and experts with Maltz Sales

*Live "Virtual" Training  
Sessions*

**2.0 Maine BLWSO TCHs  
2.0 Maine DEP TCHs**

## Your Instructor(s):

### **Danny Smith** – Maltz Sales

Danny is the VP of Sales for Maltz Sales Company with 30 years of experience selling, installing, specifying and contributing to the design of chemical feed pumps and equipment. Having spent a significant amount of time in the field on repairs and system maintenance, he currently teaches classes throughout New England and NY. Danny also has extensive experience with analytical instrumentation.

### **Janice Markey** – Maltz Sales

Janice has a MA Grade 6C Wastewater Operator license. She has been in the industry for more than sixteen years and has extensive experience with pumps, chemical feed systems, multiparameter controllers, regulatory and permitting issues, as well as system upgrades and installations.

### Registration Fee:

## **Class Description**

This course will overview chemical feed pumps of many types for beginners and experts alike. Multiple types and categories will be covered to ensure that we explore the best pump for any job you need.

Further, we will cover common terms, applications, proper pump selection and conclude with an overview of pump repair and spare parts.

Make sure to bring your questions, as usual, because your instructors will be answering your questions and addressing any difficulties you may be facing.
