Chemical Safety & PPE

Chemical Safety and Personal Protection Equipment with Maltz Sales

Live "Virtual" Training Sessions

**2.0 Maine BLWSO TCHs
2.0 Maine DEP TCHs**

Your Instructor(s):

Danny Smith – Maltz Sales

Danny is the VP of Sales for Maltz Sales Company with 30 years of experience selling, installing, specifying and contributing to the design of chemical feed pumps and equipment. Having spent a significant amount of time in the field on repairs and system maintenance, he currently teaches classes throughout New England and NY. Danny also has extensive experience with analytical instrumentation.

Janice Markey – Maltz Sales

Janice has a MA Grade 6C Wastewater Operator license. She has been in the industry for more than sixteen years and has extensive experience with pumps, chemical feed systems, multiparameter controllers, regulatory and permitting issues, as well as system upgrades and installations.

Class Description

This course will overview basic safety principles concerning chemicals and personal protection equipment for the water and wastewater industry. Regulations, hazard communications, GHS, and safety data sheets will also be covered.

Further, we will explore PPE specifics, common chemicals in use, as well as the dangers, reactions and more with those chemicals

Make sure to bring your questions, as usual, because your instructors will be answering your questions and addressing any difficulties you may be facing.
