### **Class Description**

This course is part 2 of the AWIA series, but can be taken as a standalone class. Part 1 does not need to be taken first.

The class will touch on the basics of AWIA and what it means to you as a water/wastewater professional. We will explore in depth compliance requirements and the steps (A-Z) to certify with the EPA. This will include content regarding Risk & Resiliency Assessments and Emergency Response Plans.

We will overview additional considerations and conclude with other helpful resources and tools.
