

BOOTHBAY HARBOR SEWER DISTRICT

COLLECTION SYSTEM TECHNICIAN

The Boothbay Harbor Sewer District is seeking qualified applicants for the position of **Collection System Technician**. The qualified applicant should be trained and have demonstrated experience in the operation and maintenance of wastewater treatment equipment, collection system operation, collection system construction methods, heavy equipment operation, and possess excellent troubleshooting skills.

The applicant should have a minimum of a MeDEP Class 1 Wastewater Operator License or must obtain one within one year of employment. The candidate must obtain a MeDEP Class 3 Wastewater Operator License within four years of employment. The applicant shall possess a clean driving record.

This is a full-time position and subject to the District's work rules. The selected candidate shall receive, as part of the position's compensation, the full District benefit package. Shared rotational weekend duty and after-hour on-call time is required. To provide for adequate emergency response, the selected applicant must live, or relocate to live, within twenty minutes of the wastewater facility.

This is a safety sensitive position and is subject to random drug and alcohol testing and a pre-employment background check.

All interested candidates shall forward a cover letter, a copy of his/her resume and salary requirements to:

Chris Higgins, Superintendent
Boothbay Harbor Sewer District
27 Sea Street
Boothbay Harbor, Maine 04538
