

# Bath Water District Distribution Technician

Bath Water District is responsible for providing drinking water to 15,000 customers in the City of Bath and four surrounding communities. We are now accepting applications for a Distribution Technician to work cooperatively on our network of distribution mains, storage tanks, and related facilities. Work includes repairing and installing water lines, fire hydrants and water meters, as well as customer service calls. The position requires after hours on-call status on a rotating basis, including answering pager calls and staying within a 20-minute response time to Bath. The desired candidate will have a high school diploma or greater with strong communication skills, and the ability to obtain a Class 2 Distribution Water Operator license. Prior water work experience and or equipment operating is a plus but not a requirement. A valid driver's license is required, and for insurance purposes background checks will be performed. Bath Water District is an equal opportunity employer that offers a very competitive benefits package.

Applications are available on our website at [www.bathwd.org](http://www.bathwd.org). Or request one emailed to you at [info@bathwd.org](mailto:info@bathwd.org).

Please send the completed application, cover letter and resume to: Bath Water District, Attention: Bruce Gardner 1 Lambard Street Bath, Maine 04530.  
This advertisement will stay available until the position has been filled.
