## **Water Superintendent**

The Bath Water District is seeking applicants for the position of Superintendent due to a pending retirement. The professional selected for this position will report to a five-member appointed Board of Trustees and be responsible for all aspects of utility operations.

The District, located in the mid-coast area of Maine, serves approximately 3,800 customers in the City of Bath and the towns of Woolwich, West Bath, East Brunswick and is a wholesale supplier to the Wiscasset Water District (a consecutive system). The distribution system consists of over 60 miles of water mains and operates a surface water treatment plant consisting of three 2MGD filtration systems. Staffing levels are currently 12 employees.

Applicants should possess at least 5 years of increasing responsibility in utility experience and have attained a Bachelors degree from an accredited college with major coursework in engineering, chemistry, biology or a related field. A business or finance background in utility operations and management would also be considered.

The position requires the successful candidate to reside within a reasonable commuting distance.

Salary will be commensurate with qualifications and experience. The District offers excellent benefits and participated in the Maine State Retirement System.

More information about the District is available at [www.bathwd.org](http://www.bathwd.org).

If you are interested in applying for this position please mail or email your resume and cover letter to:
