

# We Stand Behind Our Training

## World-Class Development Programs

At MWUA we have made it our mission to provide world-class training to all of our employees and members based on their needs.

In fact, all training programs are developed utilizing the feedback from members and evaluation forms from every class.

Our goal is to play an active role in helping you to become the most educated and resourceful drinking water, wastewater and stormwater professionals in the country. To help demonstrate our commitment and confidence in our training offerings, we now offer an **Iron Clad Guarantee**.

**When you sign up for a class, if you are not satisfied with the quality of the training you receive, you will be refunded the entire registration fee for that class.**

Additionally, if you register for a future class of equal value, that class will be offered free of charge. We are fully dedicated to providing quality resources to employees at every level and we hope this demonstrates our commitment as an organization.
