What past winners are saying:

“My sincere gratitude to the MWUA organization for helping to ease the financial burden of continuing my education toward a degree in Civil Engineering. This scholarship is a great way to get young professionals interested in the water and wastewater profession...”

Dustin Lacombe, PE

“This Scholarship provided some much needed financial relief while obtaining my Civil Engineering degree and gave me a firsthand look into the water works profession...”

Keith Lavasseur,
Engineer, Sanford Water District

Thanks to the scholarship, I was able to help fund my education while exploring a great career field that I hadn't previously considered.

Jacob Spinney,
Water Quality Manager,
Bangor Water District

The Maine Water Utilities Scholarship Fund

The Maine Water Utilities Scholarship Fund (MWUSF), a 501(c) (3) nonprofit corporation, was developed to encourage and promote the pursuit of careers in Maine's water and wastewater profession through the administration of a scholarship program. MWUSF offers several \$1,000 scholarships each year.

Donate Today

Join the Cause: Support the Fund!

Please consider a donation, and join a growing number of businesses and individuals that support this fund.

Why contribute to the Maine Water Utilities Scholarship Fund?

- Support the cost of education for our future water and wastewater stewards
- Help young professionals become knowledgeable and interested in these fields of work
- Be recognized for your contribution at your booth at the trade show and in future newsletters

Did you know?

- Over \$30,000 has been awarded to 32 students over the past 22 years
- All funds are raised from private donations and business contributions
- MWUSF is a 501(C)(3) organization so your gift is 100% tax deductible
